- FOR COMMERCIAL USE

Thickened Bleach

Commercial bleach specially formulated to cling to surfaces for longer contact time. Suitable for domestic and commercial janitorial applications, and is effective as a toilet bowl cleaner or also as a chlorine sanitiser. Effective against a wide range of bacteria, fungi and algae.

DIRECTIONS

- Laundry Applications - 1:20 (5% soln, 50ml per litre).
- Kitchen and Bathrooms - Wet mop or wipe at 1:50 (2% soln, 20ml per litre).
- Outdoor Hard Surfaces - 1:5 to 1:1 (20% - 50% soln).

Never use on wool or silk, and not recommended for use on coloured or sensitive garments as streaking, fading or other deterioration could result.

GOOD PRACTICE

Under Good Practice Protocol based on accepted international research a 1% solution of this product diluted with potable water is recommended with liberal application on clean hard surfaces with a minimum contact time of 5 minutes. At this concentration the product provides 500PPM FAC.

NZ Ministry of Health requirements for use in Early Education facilities is for use of this product as follows:
2% solution = 1000PPM for daily surfaces.*
10% solution = 5000PPM for critical surfaces.*

* "Surfaces" as listed appropriate by NZ Ministry of Health (MOH); taps, toilet seats, door handles, change tables and janitorial floors.

- KITCHENS** Bench top & floors
