

**KL03****Kemsol****KL3 OXY-ACTIVE****PRODUCT INFORMATION****Oxygen Laundry Destainer**

Stabilised Peracetic Acid in Hydrogen Peroxide provides microbiological sanitising. Use in commercial, industrial and on-premises laundry systems as a colour-safe stain treatment, and sanitiser.

**DIRECTIONS**

For use with Kemsol KemLock system only. Firmly connect Yellow KemLock cap. Use at a ratio of 2mls per kg of dry weight laundry.

**KemLock Safer Chemical Dispensing System**

The KemLock (closed loop) system is a smarter and safer approach to chemical dispensing. Preventing leaks and spills, reduces chemical waste and boasts accurate dosing.

A consistent, reliable chemical delivery system, eliminating spills, drips and the chance of product contact by staff.

**Safer. Smarter. Simpler.****CHEMICAL SOLUTIONS SUSTAINABILITY POLICY**

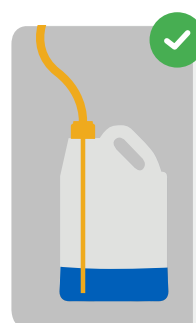

We are committed to continual improvement in our environmental performance, and have established a number of goals and initiatives helping achieve this objective. Where possible we always use biodegradable raw materials and all our finished product packaging is reusable or recyclable.

This is only a start, we continually strive to better our environmental performance.

**CONCENTRATED FORMULA****MICROBIOLOGICAL SANITISING****COLOUR-SAFE****HIGH-STRENGTH****With KemLock**

- Neck insert safely locks in chemical
- Direct cap-to-dosing tube connection reduces tube curling
- Secure at every point: reduces risk of leakage and user exposure
- Cap ventilates, regulating pressure build up

**Without KemLock**

- Unsecured dosing tubes cause leaks and can start curling
- Poor airflow could stop product dispensing completely
- Higher chance of spills and end user skin contact
- Leaking chemicals can create environmental contamination

**COMMERCIAL LAUNDRIES**

Automatic laundry systems

**PROPERTIES****APPEARANCE**

Colourless Liquid
