

HYPO OUTDOOR CLEANER

Exterior Surfaces

FK-HOC25

Covers up to 120 sqm

2.5L

VERSATILE MULTI SURFACE

STRONG CLEAN & REMOVAL ACTION

QUICK HOSE CONNECT SPRAY SYSTEM

CHLORINE BASED

FAST-ACTING

Dirt, Algae, Mould & Mildew Cleaner

A fast-acting outdoor cleaner designed to remove dirt, algae, mould and mildew from a wide range of exterior surfaces. Ideal for concrete, building cladding and most exterior surfaces – simply spray, brush and rinse for immediate and effective results.

APPLICATION

EXTERIORS: Most hard surfaces where dirt, mould, moss, fungi & algae are present

DIRECTIONS

1. Attach the hose to the spray applicator.
2. Adjust the nozzle to Fan for general use or remove nozzle tip for a Jet spray.
3. Ensure the dial is set to **OFF**.
4. Turn on the tap. Briefly switch the dial to **WATER** to check pressure, then return it to **OFF**.
5. Turn the dial to **SPRAY** to begin application. Apply the product to a dry surface, working from top to bottom for even coverage.
6. Allow the product to sit for up to 10 minutes (or up to 15 minutes for heavy growth). Do not exceed this time or allow the product to dry.
7. For best results, scrub the wet surface with a suitable brush.
8. Rinse thoroughly with clean water by switching the dial back to the **WATER** setting.
9. Turn the dial to **OFF** once finished. Disconnect the hose, and store upright.

- Tough build-up may require a second treatment after 1–2 months.
- Some painted finishes may need a more thorough rinse to prevent streaking.
- In case of accidental contact with plants or lawn areas, rinse immediately with clean water. Disconnect downpipes from water tanks to prevent contamination from wash runoff.

SAFETY

- Read and follow the instructions carefully.
- Do not breathe the mist, vapours or spray.
- Wear protective clothing, gloves and eye/face protection.
- Wash hands thoroughly after handling.

Application & Intensity Guide

Heavy

Exterior cleaner

Exterior hard surfaces, concrete, outdoor tiles, building exteriors

Effective, easy to use dirt, moss, mould, mildew, lichen, fungi, and algae control.

Follow instructions

Surface Suitable
