MULTI-ENZYME FORMULA

OXYGEN BLEACH BOOST

EFFECTIVE PRE-SOAK

POWERFUL STAIN REMOVAL

Antibacterial, Multi-Enzyme Boosted Laundry Powder

Fully built, antibacterial, bio-enzymatic laundry detergent with oxygen bleach for extra power on laundry linen and garments. It contains a blended combination of alkaline salts, water conditioners, surfactants and a multi enzyme system which help break down stains from blood, food, starch residues, and other soils. Stable to approximately 60°C and is safe for cottons, synthetics and blends. Can be used as an effective pre-soak.

APPLICATION

COMMERCIAL: Heavy-duty on-premise laundries, rest homes, hotels and accommodation, healthcare facilities

DIRECTIONS

Add at a ratio of 10gm per kg dry weight laundry. May also be used as a soak agent, at the same ratio, prior to laundry wash, for a minimum of 2 hours.

Application & Intensity Guide

Medium/Heavy ●●●

Commercial Use

Hotels, rest homes, restaurants

Breaks down heavy stains and soiling.
Safe for cottons, synthetics and blends.
Effective pre-soaking agent.

Material Suitability

✓ Suitable	⚠ Use with caution	✗ Not suitable
Cotton	Delicate blends Alkaline detergents may be harsher on delicate fabrics • Use a lower dosage • Wash on a shorter cycle	Wool Enzymes may shrink or weaken natural protein fibres
Polyester	Printed garments Enzymes may affect some prints or transfers overtime • Follow garment care instructions • Avoid extended pre-soaking	Silk May damage delicate fibres
Poly-cotton blends	Non-colourfast linen Natural fibres may lose colour • Check colourfastness before use • Avoid hot washes	Cashmere May reduce softness & strength
Synthetic blends		Leather & suede Structural & surface damage
Colourfast workwear		Dry-clean only garments Not designed for water-based laundering
