

HIGH STRENGTH FORMULA

READY-TO-USE

ENZYME TECHNOLOGY

EFFECTIVE ON ORGANIC SOILING

Enzyme Laundry Spotter Treatment

Ready to use spray laundry pre-wash or post-wash stain remover. Spray directly onto blood, food, protein, grass and other organic based soiling. Designed for use in conjunction with the Kemsol laundry system and safe on most common fabrics and linen varieties. Do not use on silk, woollen or other delicates.

DIRECTIONS

Spray directly onto stain. Amount dispersed should be in relation to the extent of the stain. Use more for heavier stains or marks. Leave for 5-10 minutes. Wash or re-wash as usual. Results may vary due to the wide nature of stains and often unknown sources, and the wide variety of garment types available. We encourage trialling to ensure suitability and compatibility. If treated fabric directly or indirectly comes in contact with edible product, a thorough rinse with potable water must follow the laundering process.

MPI APPROVED C33

This is a laundry compound. If treated fabric directly or indirectly comes in contact with edible product, a thorough rinse with potable water must follow the laundering process.

LAUNDRY Food staining, grass stains & blood stains

PROPERTIES

APPEARANCE	Clear Colourless / Slight Yellow Liquid
FRAGRANCE	No Fragrance
pH	7.5 (@100%)

REORDER

Applicator	FK-STAE01
5Lt	FK-STAE05
