Citrus Based Solvent Cleaner

High strength ready-to-use multipurpose cleaning agent for the removal of tar, rubber marks, graffiti and other heavy soiling from a variety of surfaces. Leaves a lasting citrus fragrance.

DIRECTIONS

Spray or apply with a cloth directly onto the surface to be cleaned, then wipe clean with a clean rag or cloth. In spray-on application, always minimise atomised product by adjusting the spray nozzle. May be applied directly to a clean cloth or paper towel, instead of direct-to-surface application. Leave for 30 seconds to 10 minutes (depending on soiling type and levels), then wipe with clean cloth or paper towel. Repeat if required. Longer contact time may prove beneficial for soiling such as graffiti and chewing gum.

EXTERIORS Heavy duty spot cleaning, graffiti, label residue, grease, tar & rubber residue removal
