HEAVY-DUTY LAUNDRY

EXTRA GREASE-CUTTING

WIDE SOILING TYPE SPECTRUM

ADDED EMULSIFIERS

PRE-SOAK AGENT

Extra Heavy-Duty Laundry Powder

Powerful low-suds formulated laundry powder for use on commercially soiled garments such as overalls, floor mats and rags.

APPLICATION

COMMERCIAL: Heavy-duty on-premise laundries, rest homes, and food plants

DIRECTIONS

COMMERCIAL WASHING: Use at 13g per kg*

GREASY OVERALLS: Use at 20g per kg*

Dissolved solution only should be used with any garment cleaning - do not add powder directly to fabrics.

*Per kg: dry weight of laundry.

Application & Intensity Guide

Medium ●●	Heavy ●●●
Commercial Use Hotels, rest homes, restaurants Consistent result for large volumes. 13gm per kg	Industrial Use Greasy overalls, floor mats, rags Removes stubborn dirt, oil and grease. 20gm per kg

pH Level

pH 12.10 (@1% Solution)

Material Suitability

✔ Suitable	⚠ Use with caution	✘ Not suitable
Cotton Polyester Poly-cotton blends Workwear & overalls Rags & industrial cloths Floor mats (washable textile)	Dark/dyed fabrics May fade or dull colours • Use lowest effective dose • Wash separately or with similar dark colours High-density synthetics Grease removal chemicals may leave buildup • Ensure complete dissolution & thorough rinsing Printed garments Alkalinity may damage prints • Turn inside out • Avoid heavy-soil dosing Microfibre Emulsifiers may leave residue, reducing absorbency • Reduce dosage • Add extra rinse cycle	Wool & wool blends High alkalinity damages protein fibres Silk Fibre weakening & loss of sheen Delicate natural fibres Excessive chemical stress Leather & suede Structural & surface damage Flame-resistant fabrics May compromise protective treatments Delicate garments Not designed for aggressive laundering

Properties

MPI APPROVED C33
(ALL ANIMAL PRODUCT EXCEPT DAIRY)

If treated fabric directly or indirectly comes in contact with edible product, a thorough rinse with potable water must follow the laundering process.
